I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am appalled that FDA is ^{is} trying to take away a woman's right to use ^{med} prescriptions that are specially formulated for their needs. I have been on natural progesterone by Medison Pharmacy, and it has made a world of difference for me. Do not take this right away from women.
